

GOOD NEWS

A bi-monthly Gatekeepers (Singapore) newsletter

Dear Gatekeepers!

Shalom!

2021 started off with a BANG at Gatekeepers Singapore! As the months of January and February, we had organized webinars addressing various pressing issues in society. We also had our very first members' night online where Bro Richard Magnus shared a very apt word for this season and Bro Georgie shared a new strategy for Gatekeepers Singapore. You can catch what our President shared on our website.

As part of our efforts to impact the 7 Gates, we are rolling out a series of monthly webinars under the R.Rally banner, specific to the 7 gates. Coming March and April, we are excited to bring to you a webinar on Business Sustainability and Education. Do look out for our emails in your inbox and spam/promotion folders too as they do end up there sometimes.

But more importantly, we continue to believe and would like to bless everyone with Jeremiah 29:11.

"For I know the plans I have for you," says the LORD. "They are plans for good and not for disaster, to give you a future and a hope." Jeremiah 29:11

Indeed the plans that the Lord have for Gatekeepers Singapore and every one of us, are plans to prosper us and not to harm us, plans to give us hope and future. Believe and claim this verse and continue to walk in God's plans and see the miracles of God unfold in your life!

God Bless,
Reagan Leong

AI FOR EDUCATION

WITH PROF. ONG YEW SOON
President's Chair Professor of Computing Science,
Nanyang Technological University, and Chief Artificial
Intelligence Scientist, A*Star

12 APRIL 2021 | 7:30PM | VIA ZOOM

12 APRIL 2021 MONDAY | 7:30PM | ZOOM

Our April webinar on the education gate will touch on the hot topic of Artificial Intelligence (AI). Today, without our knowledge, our lives, behaviour, how we make decisions, and what we do are constantly monitored with the advent of AI.

What are the implications for us? What and how should we respond? Helping us to navigate through this complex field is Prof. Ong Yew Soon, President's Chair Professor of Computing Science, Nanyang Technological University, and Chief Artificial Intelligence Scientist, A*Star. He was listed as a Thomson Reuters highly cited researcher and among the World's Most Influential Scientific Minds. Look out for this event as more details will be released soon!
